# Disclosure of Financial Support

This program has received financial support from Amgen Canada Inc. in the form of an educational grant.

This program has received in-kind support from Amgen Canada Inc. in the form of logistical support.

## Potential for Conflicts of Interest

Neil Naik and Milan Gupta have received honoraria from the Canadian Collaborative Research Network for this program.

Amgen Canada Inc. benefits from the sale of a product that will be discussed in this program.

# Mitigating Potential Bias

**Bias in this program has been mitigated using the following:**

- 1) The content of this program was developed by the scientific planning committee and peer reviewed by the Canadian Collaborative Research Network.
- 2) Recommendations involving clinical medicine are based on evidence that is accepted within the profession.
- 3) All scientific research referred to, reported, or used in the program in support or justification of patient care recommendations conforms to the generally accepted standards.
